FilterGuard By Darlly

The eco-friendly way to deep clean your pool & hot tub filters

When should you clean your hot tub filter?

Filter maintenance is crucial for the performance of your Hot Tub. We recommend rinsing your filters once every 3-4 weeks using the Darlly Filter**Guard** Cleaner with the Darlly Cyclone Filter Brush. (Steps 1 & 2) Click on step numbers below for more information.

Perform a deep clean using the Darlly Filter**Guard** Sheets 3-4 times a year or when required e.g after a party or high usage. (Steps 1 to 4)

How to clean a filter with FilterGuard?

STEP 1

Filter Cleaner

FilterGuard Filter Cleaner - Add FilterGuard Filter Cleaner fluid to the Cyclone fluid reservoir and attach to the top of your cyclone. Make sure the Cyclone fluid reservoir is 50% - 100% full depending on the size of the filter. 100% being for a large filter down to 50% for a smaller filter.

STEP 2

Cyclone Filter Cleaner

FilterGuard Cyclone Filter Cleaner - The Cyclone will attach to any standard garden hose. Use with FilterGuard Filter Cleaner Fluid to start cleaning you filter. Squeeze the trigger and use a brushing action to apply fluid and water into the filter pleats to remove any excessive contamination and debris. Rinse the filter with the hose to remove any loosened debris.

STEP 3

Filter Cleaning Bucket

FilterGuard Cleaning bucket - Expand the bucket and fill with warm water to the top of grey band (Approx 14 Litres). Add filter(s) to the bucket after cleaning filter with the FilterGuard Cyclone & Filter Cleaner (Steps 1 & 2)

STEP 4

Filter Cleaning Sheets

FilterGuard Cleaning sheets - Add the sheets to the warm water, one per 5 litres of water, add filters to water. Stir to dissolve cleaning sheets. Leave to soak for 24 hours, agitate the water and turn the filter occasionally to clean evenly and dislodge loosened dirt. After 24 hours empty the bucket and rinse out the remaining dirt/ debris using the Cyclone Filter Cleaner without any Filter cleaner in the reservoir.
Leave the filter to dry completely.
